Total (before tax):

£3,082.98

Tax (20%)

£616.60

Total:**£3,699.58*******IMPORTANT PLEASE READ*****

- * This quote is valid for 28 days.
- * This quote is based on measurements provided and may be subject to change following templating.
- * Please check the measurements given on the diagram accurately represent your plans and designs and inform us of any errors.
- * The removal of existing worktops and disconnection of sinks, taps and hobs is not included unless otherwise stated.
- * There has been no provision made in the quote for either parking or congestion charges (at templating or installation). Should either of these be incurred, they will be recharged at cost.

*****NOTE PRIOR TO TEMPLATING*****

- * Times for templating and installation will be agreed by phone or email. Should the customer wish to postpone a date, we must be informed no less than 24 hours prior to the said date to avoid the appointment being charged for. We will happy to arrange a more convenient time for you.
- * The removal of existing worktops and disconnection of sinks, taps and hobs, unless included in our quote, must be completed prior to templating. Should this not be the case, a second template visit may be required, and will be charged for accordingly. The charge will be between £100 and £160.
- * All base cabinets, panels and supports/batons must be fixed in position, level and secure prior to templating. If a hob splashback is a part of the job, then any appliances (such as extractor fans) must also be fitted in position.

Should this not be the case, a second template visit may be required, and will be charged for accordingly. The charge will be between £100 and £160.

- * The customer or an authorised representative should be present during template and fitting to allow access to the property and to agree and finalise all project details with the templater regarding items such as joints, cut-outs, upstands, edges etc, and the fitter to confirm that everything has been fitted as per the agreed template and quote, and is to the agreed quality. If their absence causes delay or additional visits, then additional charges will be incurred. The charge will be between £100 and £160.
- * If sinks and taps are not supplied by us, they must be available for when templating (sink) and fitting (tap). If they are not available, additional charges will be incurred if additional site visits are required. If there is a hob cut-out, then hob make and model must be supplied.
- * If the kitchen has an Aga or Range cooker, these should be in position.
- * The agreed and signed template sheet and worktop job sheet indicates what will be fabricated. The customer should ensure that all requirements have been agreed and confirmed with the templater before signing the template sheet and worktop job sheet.
- * Every effort will be made to carry out the template and installation appointments on the agreed scheduled times. However, the company cannot be held responsible for any delay or cancellation of appointments due to unforeseen circumstances and any resulting inconvenience and cost

*****POST TEMPLATING*****

- * If there are any price changes following template, these will be notified to the client, and a further deposit may be required.
 - * Any changes made to the kitchen layout or design after template may result in a failed installation. If this occurs, the customer will be liable for all associated costs (re-templating, failed installation charges etc).
 - * No refunds can be offered following the template.
 - * The above prices, specifications and conditions are hereby accepted. Note that payment of a deposit will also indicate that the above conditions have been read and accepted.
- ** Errors and Omissions Excepted ****

Thank you for your business.

Payment Terms:

Our non-trade payment terms (unless agreed / specified otherwise) when installation/fitting is included are 60% on placement of order, with the balance payable upon completion. If installation/fitting is not included, then 100% is payable on order.

Trade customers will be subject to credit checks, and, unless a trade credit account is opened, the 40% balance will be payable prior to delivery or installation.

Payment can be made by debit card (credit cards unfortunately not taken after the 13th January 2018 due to not being able to recharge the processing costs of between 1.9% and 2.25%) or bank transfer to the following account:

HSBC
Sort code: 40-02-01
Account number: 21596241
Account name: Kitchens & Worktops Ltd
