- HANEX® ACHIEVES THE HIGHEST FR CLASSIFICATION – EN13501-1b

**BEAUTY. DURABILITY.
DESIGN FLEXIBILITY.**

Superior design stems from having endless possibilities at your fingertips. HANEX® brings you limitless choices, giving you the freedom to create the design of your dreams, be it in your home or for commercial setting.

HANEX® solid surface products are crafted from a unique blend of acrylic resins and natural materials, so sheets can be cut, shaped and formed into an unlimited range of designs. Best of all, unlike other surfacing materials, HANEX® can be repaired and restored to its original condition.

This combination of durability and flexibility brings unparalleled advantages - both practical and aesthetic.

YOUR DESIGNS NEED ONLY BE LIMITED BY YOUR IMAGINATION.

RESIDENTIAL APPLICATIONS

HANEX® is an ideal hygienic material that is resistant to moisture, pollutants and bacteria, making it easy to clean and maintain. Combined with its scratch and stain resistance, HANEX® is ideal for all surface applications in your kitchen, bathroom, or elsewhere in the home. With a wide range of refined colours available, HANEX® can help you make your home the sanctuary you've always dreamed of.

Residential applications include:

Kitchen worksurfaces with integrated sinks & splashbacks, bathroom worksurfaces & vanities with integrated bowls, door sills, bath & shower surrounds, wall cladding, stairs, lighting & objet d'art.

HANEX® ONE INSPIRATIONAL SURFACE

Whether your style is minimal and elegant or bright and bold, HANEX's colour palette follows the latest design trends and has been developed to be integrated with a broad range of finishes and materials.

Choose from a rich array of hues and textures to suit any setting or mood.

COMMERCIAL APPLICATIONS

HANEX® products are non-porous and are certified NSF 51 for Food Preparation areas. Therefore, they can be applied in any application where sanitation is of utmost importance, such as kitchen worksurfaces, hospitals, playrooms or schools.

The unlimited design flexibility of HANEX® enables you to create a beautiful and durable aesthetic in any commercial setting, be it a hospital, bank, restaurant, hotel or office space.

Commercial applications include: Office/hospitality and medical counters & worksurfaces, reception desks, bathroom worksurfaces and vanities, tabletops, food preparation areas, commercial fitouts including aesthetically seamless wall cladding, lift & foyer surrounds, lighting and more...

HANEX® ACHIEVES THE FOLLOWING

Fire Certification EN13501-1b

This is the European Fire classification relating to all construction products, including products incorporated within building elements. Products are considered in relation to their end use application.

Hanex® achieves EN13501-1b which is comparable to BS476 Class 0.

NSF51 Certification

This Standard is applicable to the materials and finishes used in the manufacture of food equipment (e.g., beverage dispenser, cutting board, work surfaces, etc).

Stain Resistance Report

Hanex is an acrylic solid surface material product with a high level of alumina trihydrate content as the filler, an ingredient which provides superior resistance to stains and chemicals.

However, exposure to harsh chemicals should be avoided. In case of surface contamination, quickly flush affected area with a domestic gritty cleaner and water. Sand if necessary, as a rule of thumb, surface damage may vary with the chemical strength and exposure time.

GreenGuard Certification

Indoor Air Quality Certification ensures that products meet indoor air quality pollutant guidelines/standards.

Scientific Certification Systems

These certificates relate to recycled chips in use in our material.

BELPASSIMO

The luxurious premium Solid surface from Hanex®
Bellissimo is innovative in its design flexibility, providing possibilities never imagined.

BL-014 STRATUS

BL-002 CELADON

BL-015 CHAMPAGNE

BL-003 PIETRA PANNA

BL-016 CUMULOUS

BL-010 TERRACOTTA

Note! The Bellissimo decors are veined and small samples may not show the veining effect.

Ensure you are aware of the overall look of the Bellissimo product prior to purchase and fabrication of the sheets.

Larger samples are available from the Hanex specification team on 0845 603 7811 or larger decor images are available via www.hanex.co.uk.

Please note that covered upstands highlight the vein through the product and edges should always be rebated on these decors.

All dark décors are prone to show scratches, dust, haziness and ordinary wear and tear more easily than lighter textured décors. Therefore, these décors are not recommended for use in residential and commercial applications that will be subject to heavy use.

Unlike other surfacing materials, HANEX® is non-porous and features full dimensional colouring. This allows HANEX® to be easily polished, removing any surface damage such as scratches, allowing you to restore the surface to its original condition.

EVERYDAY CLEANING

Wipe clean with a damp cloth or sponge.
For basic stains, clean with mild detergents or general all purpose cleaners.
Periodically go over the surface with the Hanex Care & Maintenance kit to maintain a uniform appearance.

HEAT DAMAGE

The innate feature of HANEX® gives it excellent heat resistant properties compared to other surfacing materials in the market. To prevent any damage from heat, never place hot items directly on the surface. Always use trivets with rubber feet when placing hot items on the worksurface.

CHEMICAL DAMAGE

Avoid contact with strong chemicals that can cause damage to the surface such as oven cleaners, acetone, paint removers and other strong chemicals. If exposed, promptly rinse with water. Remember, prolonged contact with harsh chemicals can cause serious damage to the worksurface.

SIMPLE STEPS TO AVOID DAMAGE

Avoid cutting directly on HANEX®, always using a cutting board.
Never place hot pans directly on the worksurface. Even though HANEX® can withstand high temperatures, prolonged periods of extreme heat could cause permanent damage.

REMOVING PERSISTENT STAINS

To remove persistent stains or scratches, refer to the Hanex Care & Maintenance kit.
For deep scratches and/or other damages requiring professional repair, please contact 0845 603 7811 to locate a certified HANEX® Fabricator & Installer.

HANEX® Solid Surface products come with a 10-year Limited Warranty. HANEX® can only be fabricated and installed by Certified HANEX® Fabricators, so you have the assurance of quality product, expert installation, and the backing of our customer service support.
