

We are the sole distributor of Tristone solid surface in UK and Ireland

Tristone is a high quality acrylic material, manufactured by Lion Chemtech. It has achieved Class 'O' WARRINGTON FIRE CERTIFICATION and Greenguard making it indoor air quality certified.

It is available in an attractive array of colours from solid to speckled colours with stunning depth and metallic crystals.

Colour matched sinks and bowls complete the range, as well as Tristone cast sinks.

Undoubtedly, Tristone UK has an enviable range of colours and products, which are competitively priced, to suit all design applications.

Tristone UK aim to work closely with clients, offering full support through the supply of samples, literature, technical assistance, customer care, project support, as well as offering practical advice to fulfil every requirement for the solid surface market.

The philosophy of Tristone UK is "work together to win together".
